Instructions:

This sheet should be completed for each item you are entering in an A&S competition.

You can use the space below to write something about your item (documentation) if you didn't prepare a separate file before the event.

Information about this entry (if separate documentation not provided).

Remember "documentation" is simply describing:

- what you have made (or performed, or researched without producing an actual item)
- the research you did for your project
- the trade-offs and decisions you took whilst completing your project, and
- anything you'd do differently next time.

Use the other side of this sheet to continue your information
